To: Wally Swafford 587-2722
King Cnty Health Department

- Next to more info. on these sites: Bow lake, Eastgate, First NE Corless, Waller lake, Houghton, Kenmore, Pacific, Renton jet.

- referred me to SOLID WST DIV ^{an engineer} DAVE NIBLOM (NIBLOM)
344-7429

said might have some info on Bow lake, NE Corless and Houghton, because they are now transfer station; may have excavated garbage in construction of these

- City of Seattle LF Survey was released to public recently; referred me to ^{Greg} Mark Bishop to see if our copy was in the mail; Survey includes ① records search ② establish boundaries ③ a team of health dept & private contractor (for EPA) conduct tests pH, conductivity; CH₃(g); inorganic & organic emission at various bore holes

- **Waller lake** was on above study =D 10 acres; city of Seattle operated '54-'57; prior to that Cnty owned; originally King Cnty gravel pit; burning dump

- A county study will be done have Bow lake, First NE Corless and Houghton in that list
